# BAY-LAKE Regional Planning Commission

---

## *NEWSLETTE*

---

*Commission was established by Governor Lucey in April 1972 by Executive Order to represent local interests on state and federal planning program activities in the northeastern Wisconsin region.*

### **DIRECTOR'S VIEWPOINT**

years, the Bay Lake Regional Planning Commission will be preparing a master plan. The Commission will prepare the plan which is the same comprehensive plan for cities, villages, towns, and counties. It will contain the same nine elements which all plans must contain. As such, the

will also set forth a shared vision for Wisconsin. As a framework for the master plan may be used as a guide for local government in developing plans consistent with plans of the state government. The Commission is a part of a larger effort to

## METRO TRANSIT DEVELOPMENT PROGRAM (TDP)

development program (TDP) of the Metro Transit System continued as a major planning activity of the second half of 2001.

The **community opinion** chapter of the TDP continued during this period. A community opinion survey occurred in late July and early August, and the findings appear as part of the community opinion chapter of the TDP. Minor refinements to the conclusions and findings portion of the chapter in

late July and early August. The TDP team examined this chapter in its entirety.

Completion of a chapter on **standards and their use in transit operation** occurred during this period.

Commission staff conducted a series of meetings with members of the TDP during this period.

In late October to begin the process of developing objectives, standards and a framework for the TDP. Nominal group process was used during late October. A draft of the standards chapter was prepared in November based on issues raised during the session, as well as on comments from the public which were received during the public

session, as well as on comments from the public which were received during the public

session, as well as on comments from the public which were received during the public

session, as well as on comments from the public which were received during the public
