

Process for requesting a Sanitary Sewer Extension Reviews and Issuance of Water Quality Management Review ('208') Letter from the Bay-Lake Regional Planning Commission:

The Bay-Lake Regional Planning Commission (“the Commission”) performs conformance reviews of public sanitary sewer extensions and facilities plans and issues subsequent Water Quality Management Letters (often referred to as ‘208’ letters).

The Sewer Service Areas under the water quality management jurisdiction of the Commission include:

- the cities of Manitowoc and Two Rivers, and the village of Mishicot in Manitowoc County;
 - the city of Marinette in Marinette County; and
 - the cities of Sheboygan and Sheboygan Falls, the Villages of Howards Grove and Kohler, and the towns of Herman, Lima, Mosel, Sheboygan, Sheboygan Falls, and Wilson in Sheboygan County.
- To request a water quality management review letter from the Commission, submit a letter providing an explanation of the proposed project/activity along with detailed location map(s) to:

Angela M. Pierce
Natural Resources Planner II
Bay-Lake Regional Planning Commission
441 South Jackson Street
Green Bay, WI 54301

Note regarding digital drawings and data: Submission of digital engineering drawings and GIS data will help speed our review process. If possible, please submit engineering drawings and GIS data via e-mail to apierce@baylakerpc.org.

- **Requests must be accompanied by a check in the amount of \$75.00 made payable to the “Bay-Lake Regional Planning Commission”.**

If you have questions, contact Angela Pierce with the Commission at (920) 448-2820.
